@SurgOncTA

@BASO~ACS

PRESIDENT'S ADDRESS

Dear Colleague,

We are pleased to welcome you to BASO's 49th Annual Scientific Conference at the prestigious venue of The Law Society in London on 20th-21st November.

**The meeting is themed on –
Multidisciplinary Cancer Management –
Evolving Role of Surgical Oncology.**

We have an excellent programme which will be facilitated by the National and International experts in the field of cancer surgery. Our guest speakers include Professor Isabel-Teresa Rubio, Miss Jennifer Rusby, Professor Irving Taylor, Professor Richard Heald, Professor Peter Sagar, Professor Mike Dixon, Professor Jane Blazeby, Professor George Hanna, Professor Mark Emberton and many more.

This year our meeting is also open to all those trainees, consultants, allied healthcare professionals, nurses and medical students who wish to gain an insight in how to advance their surgical careers.

There are symposias, debate session, roundtable discussion session, and our prestigious plenary award orations with an audience with our keynote speakers & award recipients. The meeting is designed to provide a unique environment for interdisciplinary learning and cross-fertilisation of ideas, by bringing together delegates from all cancer disciplines and offering excellent networking opportunities.

I look forward to seeing you at our first face-2-face meeting following the pandemic.

With Best Wishes,

Zaed Hamady
President, BASO~ACS
Consultant Surgeon,
University Hospital Southampton NHS FT

MESSAGE FROM THE MEETING SECRETARY

Dear Members and Delegates,

Welcome to our 2022 Annual Scientific Meeting at the Law Society, London. We hope that you will find meeting interesting, educational and enjoyable. We have a superb programme with two full days themed on **'Multidisciplinary Cancer Management – Evolving Role of Surgical Oncology'**.

The programme will focus on the best of practice of surgical oncology. In this meeting, you will have an opportunity to learn about surgical cancer research and management in a wide range of surgical specialties. We have an excellent programme for both experienced consultants in surgery and for trainees - both those trainees interested in a surgical oncology career and also those who are not yet committed to a particular surgical discipline

We are also pleased to be able to honour some of the prominent surgeons of our time including **Professor Bill Heald, Professor Peter Sagar, Professor Mike Dion, Miss Jennifer Rusby and Professor Mark Emberton**. We will also host the prestigious **'Ernest Miles'** and **'Sir Stanford Cade Lecture'** presentation.

I hope you will join us for the Keynote sessions that will be facilitated by our guest speakers **Professor Isabel T. Rubio** who is presenting on **'Challenges in Training in Surgical Oncology'**, and **Dr Rajendra Achyut Badwe** presenting on **'Acute peri-operative intervention to prevent chronic metastatic disease'**.

Enjoy the conference, and we hope to see you at future BASO events and meetings.

With Best Wishes

Professor Jim Khan

Meeting Secretary, BASO~ACS
Professor of Surgery
Portsmouth Hospitals NHS Trust

EJSO

EUROPEAN JOURNAL OF
SURGICAL ONCOLOGY

Our in-house Journal, 'The European Journal of Surgical Oncology (EJSO),' aims to educate and inform about the many subspecialty disciplines of cancer surgery. The EJSO has worldwide readership and publishes original scientific articles, reviews, clinical trials, news and views, as well as the abstracts from our annual meetings.

The Editors welcome submissions on clinical research and all other aspects of surgical oncology which advance the care of patients with cancer, including surgical quality control, epidemiology, preventative aspects of surgical oncology, as well as translational research relevant to surgical oncology practice. EJSO offers many author benefits including Your Paper, Your Way (YPYW). YPYW is an easier submission process, focusing on the quality of the science in the initial stages of submission and only requiring elements needed for eventual production at the revision stage. For details, visit: <https://www.ejsoc.com>.

The Journal continues to go from strength to strength and provides a valuable income for BASO. The current impact factor is at 4.04 with a review time of only of 5.4 weeks and a time to first decision of only 3.6 weeks. Membership of BASO~ACS and BASO Trainees includes the subscription to the EJSO

Best wishes,

Mr John Whiting

BASO~ACS EJSO Representative
Consultant Upper GI Surgeon,
Queen Elizabeth Hospital Birmingham

PLENARY GUEST SPEAKERS

Professor Richard John Heald “Bill” CBE, MChir, FRCS

Professor of Surgery, Basingstoke & North Hampshire NHS Trust

Professor Heald is Chairman of the Colorectal Cancer Programme at The Champalimaud Institute, Lisbon, and the Founder of the Pelican Cancer Foundation, Basingstoke Hospital, UK and Chairman of The European Academy of Robotic Colorectal Surgeons. Professor Heald’s entire career has been dominated by his early publications and subsequent teaching of his lifetime work centred around his operation of “Total Mesorectal Excision”. This was the first cancer operation to be based anatomically on embryological principles. Initially measured by local recurrence and eventually established as making a major impact on survival. His surgical life has been governed by a gradual process of specialisation in colorectal cancer from the 80s to the present time. He is primarily now a teacher both face to face and online explaining the detail of the TME technique. He has performed more than 600 open TME demonstrations in more than 70 countries.

BASO~ACS is honoured to be presenting Professor Richard Heald with the 2022 BASO Raven Lifetime Achievement Award. Join us for Professor Heald’s presentation.

Professor Peter Sagar

Professor of Colorectal Surgery, University of Leeds

Professor Sagar has been involved in the laparoscopic management of colon and rectal disease since its inception and currently runs an active training and research fellowship. He was awarded the Hunterian Professorship by The Royal College of Surgeons of England in 2012 and was made Professor of Colorectal Surgery in 2018. He is also a member of The Court of Examiners, Speciality Advisory Committee (General Surgery) and Associate Training Programme Director (Yorkshire & Humber). Professor Sagar is also a Council member of the Royal College of Surgeons and Past-President of the Association of Coloproctology of Great Britain and Ireland.

BASO~ACS is honoured to be presenting Professor Sagar with the 2022 Geoff Oates Award.

Professor Mike Dixon, OBE

Professor of Surgery, University of Edinburgh and Consultant Surgeon, NHS Lothian and Edinburgh Breast Unit

Professor Dixon has championed the use of autologous fat grafting or lipofilling in breast surgery. He was the first person in the world to perform breast conserving surgery with immediate lipofilling and the first person to perform an LD flap reconstruction with immediate fat grafting. He has a huge experience of the technique in a wide range of conditions.

Professor Dixon has published over 330 papers, contributed 130 book chapters, and written or edited 25 books. Professor Dixon has given over 200 invited lectures around the world. He was inaugural editor of the Breast and served on the BMJ editorial committee.

BASO~ACS is honoured to present Professor Dixon with the 2022 Uccio Querci della Rovere Award.

PLENARY GUEST SPEAKERS

Miss Jennifer Rusby

Consultant Breast Oncoplastic Surgeon at Royal Marsden Hospital

Miss Jennifer Rusby is a Consultant Oncoplastic Breast Surgeon at the Royal Marsden Hospital Breast Unit in Sutton. She qualified at Oxford University and undertook her surgical training in Wessex, Birmingham and at The Royal Marsden.

She has spent time at Massachusetts General Hospital in Boston, USA, researching the anatomy and pathology of the nipple with the aim of improving surgical techniques to allow nipple-sparing mastectomy. In 2009 she was awarded a Royal College of Surgeons Arnott Lectureship for this work.

Miss Rusby's practice covers the diagnosis and surgical treatment of symptomatic and screen-detected breast cancer including oncoplastic breast conserving techniques and mastectomy (including nipple-sparing) with immediate breast reconstruction.

Miss Rusby is a GenerationQ Fellow & Consultant at the Royal Marsden Hospital. She is responsible for the delivery of a rapid, high-quality breast diagnostic service. She has developed the breast surgical research programme at the Trust, focusing on measurement and prediction of appearance after breast cancer surgery and new techniques for guiding surgeons removing small cancers. Through GenerationQ, Jennifer is hoping to disseminate her learning and use her skills to lead improvement among all staff.

Miss Jennifer Rusby will be presented with the 2022 Ernest Miles Commemorative Award.

Professor Mark Emberton

Professor of Interventional Oncology, University College London Hospitals

Mark Emberton is Professor of Intervention Oncology within the Division of Surgery and Dean of the Faculty of Medical Science at University College London. He is clinically active and holds the position of Honorary Consultant Urologist at University College London Hospitals NHS Trust where he works as a specialist in prostate cancer.

His academic work has focused on developing novel diagnostic strategies and new therapies for men with prostate cancer. His research has resulted in the transformation of both the diagnostic and therapeutic pathways. These have been incorporated into international guidelines.

He has published over 500 peer review papers, holds a large grant portfolio, and lectures widely around the world and holds international honorary professorships.

He is a founding Pioneer of the charity Prostate Cancer UK.

Professor Mark Emberton will be presented with the RCS's 2022 Sir Stanford Cade Commemorative Award.

BASO KEYNOTE LECTURES

Join us for the Keynote lectures to be facilitated by:

Professor Isabel-Teresa Rubio

*President elect – ESSO, Clinica Universidad de Navarra,
Professor of Surgery, Universidad de Navarra, Madrid, Spain*

BASO Keynote Lecture: Challenges in Training in Surgical Oncology

Isabel T. Rubio is the Head of Breast Surgical Oncology at Clinica Universidad de Navarra and Professor of Surgery at the University of Navarra in Madrid, Spain. She trained for two years as a Breast Surgical Oncology Fellow at The University of Arkansas for Medical Sciences and the Arkansas Cancer Center at Little Rock, USA and for one year at the MD Anderson Cancer Center in Houston, Texas, USA. She completed her PhD in 2000. She is the director of the Breast Surgery Fellowship program at her Institution.

Dr. Rubio is active in many societies, as President (2022-2024) of the European Society of Surgical Oncology (ESSO), President of EUSOMA (European Society of Breast Cancer Specialists) (2020-2023), member of the Executive Committee at the European Cancer Organization (2020-2024), founding member and past President of the Spanish Association of Breast Surgeons (AECIMA), Board member of EUBREAST, and member of the SSO and the American Society of Breast Surgeons.

She is associate editor in Breast of the Journal of Surgical Oncology, and reviewer for The Breast, the European Journal of Surgical Oncology and the Annals of Surgical Oncology. Dr. Rubio has published over 130 peer review manuscripts and many book chapters.

Dr Rajendra Achyut Badwe

*Director, Tata Memorial Centre, India
Honorary member of BASO~ACS*

BASO Keynote Lecture: Acute peri-operative intervention to prevent chronic metastatic disease

Dr. Rajendra Badwe, currently, Director, Tata Memorial Centre, has more than 34 years of diverse experience as a Surgeon and Oncologist, and as Director, has lead Tata Memorial Centre, a world renowned institution in the field of cancer care. He is an international opinion leader in oncology, developing breast cancer care strategies, innovative research, integrating delivery systems, improving quality and cancer management programs and capacity building of staff on cancer care delivery strategy and practice issues. His significant accomplishments in leadership in cancer care are a testimony to his role as a mentor in developing the cancer care strategy for Government of India and WHO. His pioneering work on 'Timing of Surgery for Breast Cancer' has induced a paradigm shift towards importance of events at the time of surgery. He is a frequent traveler and speaker in no. of national and international meetings and has more than 167 publications to his credit. He is recipient of prestigious national awards, honours and gold medals.

Dr Badwe is nationally & internationally renowned & has won several awards in recognition of his stellar contributions to cancer care. He was conferred the Padma Shri by the President of India and the Lal Bahadur Shastri National Award for Excellence in Public Administration, Academics & Management, both in 2013. His international recognition includes prestigious awards from the National Cancer Institute, US & the Union for International Cancer Control (UICC) amongst others. Under his stewardship, the TMC had the honour of plenary session presentations at the American Society of Clinical Oncology (ASCO) annual meeting in two out of three years in the last decade, a feat that very few cancer centres in the world have achieved.

BASO ANNUAL SCIENTIFIC MEETING • FINAL PROGRAMME

DAY 1: SUNDAY, 20TH NOVEMBER 2022

All sessions will be held in The Common Room, 1st Floor

08.30 – 08.50	REGISTRATION (in the Main Hall)	
08.50 – 09.00	WELCOME: BASO PRESIDENTIAL ADDRESS	
	Chair: Mr Zaed Hamady, President BASO~ACS	
09.00 – 09.30	BASO Trainees Oral Prize presentations	
	Chairs: Mr David Hunter, BASO Trainees President & Mr Samuel Stefan, BASO Trainees Vice President	
09.00 – 09.10	Abstract 08:	Evaluating Online Patient Health Information on Parotidectomy: Is it Readable and of Good Quality? Presenter: Dr Jia Yin Tan, Trainee, Sheffield Children's Hospital
09.10 – 09.20	Abstract 53:	Outcomes following plastic surgical reconstruction of the pelvic extenteration defect: 24 consecutive cases at a UK centre Presenter: Mr Samuel Bostock, Clinical Fellow, Addenbrookes Hospital
09.20 – 09.30	Abstract 11:	The Effect of COVID-19 on Multidisciplinary Team (MDT) Outcomes for Oesophagogastric Cancer Presenter: Ms Nadia Clarita Matias, Trainee, St Helens and Knowsley Teaching Hospitals NHS Trust
09.30 – 10.30	Topic: Evidence versus guidance based surgical practice	
	Chairs: Professor Michael Douek, BASO Vice President & Professor Derek Manas, BASO Trustee	
09.30 – 09.45	Talk 1: Upper GI	Mr Stuart Mercer Consultant UPGI & General Surgeon, Portsmouth Hospital
09.45 – 10.00	Talk 2: Colorectal	Professor Gina Brown Professor of Gastrointestinal Cancer Imaging, Imperial College London
10.00 – 10.15	Talk 3: Breast	Professor Jayant Vaidya Professor of Surgical Oncology, University College London
10.15 – 10.30	Q&A	
10.30 – 10.50	REFRESHMENT BREAK / POSTER VIEWING - The Reading Room (Ground floor)	
10.50 – 11.50	Ronald Raven Proffered Papers	
	Chairs: Associate Professor Edmund Leung, BASO Trustee, Mr Michael Shackcloth, BASO Hon. Treasurer and Mr Avi Agrawal, BASO Trustee	
10.50-11.00	Abstract 16:	Comparing operative techniques for non-palpable breast tumours: Wire-guided localisation vs LOCALISER Presenter: Dr Nirav Vyas, Trainee, North Middlesex University Hospital
11.00-11.10	Abstract 35:	A novel prognostic hypoxia gene signature identifies de novo nucleotide synthesis as a metabolic vulnerability in gastric cancer Presenter: Dr Bibek Das, Clinical Research Fellow, Imperial College London
11.10-11.20	Abstract 55:	A Machine Learning approach to identifying key decision variables within the Oesophageal Cancer MDT Presenter: Mr Nav Thavanesan, Surgical Registrar, Wessex Deanery
11.20-11.30	Abstract 68:	Unique volatile signatures of gastrointestinal cancers suggest cell autonomous drivers of metabolic reprogramming with potential for non-invasive diagnosis Presenter: Mr Athanasius Ishak, Core Surgical Trainee, Imperial College London
11.30-11.40	Abstract 82:	Characteristics of Indian stage IIIA and IIIB operable lung cancer patients. Do T-ratio and young age predict long-term outcomes? Presenter: Mr Jyotishman Saikia, Associate Specialist, All India Institute of Medical Sciences
11.40-11.50	Abstract 83:	Simultaneous resection of primary tumour and metastases for colorectal cancer with synchronous liver metastases: a single centre experience Presenter: Miss Elizabeth Kane, Trainee, Aintree University Hospital

11.50 -12.15	Ernest Miles Presentation/Award Chairs: Mr Zaed Hamady, BASO President Talk Title: The use of 3D surface imaging in breast cancer surgery – measurement and simulation of outcome Miss Jennifer Rusby, Consultant Breast Oncoplastic Surgeon at Royal Marsden Hospital	
12.15 – 14.15	LUNCH & POSTER VIEWING / SPONSORS STANDS - The Reading Room (Ground floor)	
13.00 – 14.15	BASO-ACS Annual General Meeting (for BASO members only) - The Common Room (1st floor)	
14.15 -15.00	Debate: “This house believes super specialisation is jeopardising comprehensive care” Host: Professor Jayant Vaidya, BASO Deputy Meeting Secretary Moderators: Mr Zaed Hamady, BASO President, Professor Jim Khan, BASO Meeting Secretary, Associate Professor Edmund Leung, BASO Trustee & Mr David Hunter, BASO Trainees President	
	FOR: Professor Irving Taylor Emeritus Professor of Surgery and a Clinical Teacher, UCL Hospitals	AGAINST: Mr Stuart Mercer General and Upper GI Surgeon, Portsmouth Hospitals University NHS Trust
15.00 – 16.15	BASO~ACS Plenary Awards and Orations Chair: Mr Zaed Hamady, President - BASO~ACS & Mr Paul Skaife, BASO Trustee	
	15.00 – 15.25	BASO Raven Lifetime Achievement Award Professor Richard Heald Professor of Surgery, Basingstoke & North Hampshire NHS Trust
	15.25 -15.50	Geoff Oates Award Professor Peter Sagar Professor of Colorectal Surgery, University of Leeds
	15.50 - 16.15	Uccio Querci della Rovere Award Professor Mike Dixon, OBE Professor of Surgery, Western General Hospital
16.15 – 16.40	BASO Keynote Lecture: Acute peri-operative intervention to prevent chronic metastatic disease Chair: Professor Jim Khan, BASO Meeting Secretary & Professor Jayant Vaidya, BASO Deputy Meeting Secretary Keynote Speaker: Dr Rajendra Achyut Badwe, Director, Tata Memorial Centre, India and Honorary member of BASO~ACS	
16.40 – 17.00	NETWORK WITH AWARD RECIPIENTS AND KEYNOTE LECTURER AT REFRESHMENT BREAK / POSTER VIEWING - The Reading Room (Ground floor)	
17.00 – 18.10	Improving survival and quality of life in cancer patients Chairs: Mr Avi Agrawal, BASO Trustee & Mr Paul Skaife, BASO Trustee	
	17.00 – 17.15	Breast Professor Michael Douek, Professor of Surgical Sciences and Breast Cancer, Nuffield Department of Surgical Sciences, University of Oxford
	17.15 – 17.30	Colorectal Professor Jane Blazeby Professor of Surgery & Honorary Consultant Upper GI Surgeon, Bristol Royal Infirmary
	17.30 – 17.45	Upper GI Mr James Gossage, Consultant Upper GI Surgeon, Guy’s and St Thomas’ Hospitals NHS FT
	17.45 – 18.00	HPB Mr Hassan Malik, Consultant Hepatobiliary Surgeon and Clinical Lead, University Hospital Aintree NHS Trust
18.00 – 18.10	Q&A	
18.15 – 18.45	DRINKS RECEPTION - The Reading Room (Ground floor)	
18.45 – 21.30	BASO~ACS ANNUAL DINNER - The Vulliamy Lounge, Ground Floor	

DAY 2: MONDAY, 21ST NOVEMBER 2022

All sessions will be held in The Common Room, 1st Floor

08.30 – 09.00

REGISTRATION - Main Hall

09.00 – 10.00

BASO~ACS Proffered Paper Oral Presentation Prize

Chairs: Mr Anant Desai, BASO Hon. Secretary & Mr Aaron Quyn, BASO Trustee

09.00-09.10	Abstract 29: Effectiveness of the New Zealand Ministry of Health polyp surveillance guidance 2020 for surveillance colonoscopies Presenter: Dr Vivien Graziadei, Cardiothoracic Registrar, Wellington Regional Hospital
09.10-09.20	Abstract 31: Use of ICG in Assessing Anastomotic Perfusion – The First 100 Cases in a Tertiary Colorectal Cancer Unit Presenter: Miss Hannah Dunlop, Trainee, Royal Victoria Infirmary
09.20-09.30	Abstract 40: Resectability of pancreatic adenocarcinoma within UK Biobank Presenter: Mr Declan McDonnell, Trainee, University Hospital Southampton
09.30-09.40	Abstract 42: Mammaglobin-A Expression in Paired Breast Tumour and Plasma Samples: Relationship to Pathology and 10-Year Survival Presenter: Dr Liz Baker, Research Scientist, North Tees and Hartlepool NHS FT
09.40-09.50	Abstract 51: Facilitating drain free mastectomies (+/- axillary clearance): does thrombin spray reduce post-operative seroma rate? Presenter: Dr Eleanor van der Zanden, Clinical Fellow, University Hospital Sussex
09.50-10.00	Abstract 87: Multi- Omics analysis of Chemoresistance in Oesophageal Adenocarcinoma: the MOCHA Study Presenter: Miss Anuja Mitra, Clinical Research Fellow, Imperial College London

10.00 - 10.40

Post pandemic challenges and solutions for Surgical Oncology

Chairs: Professor Michael Douek, BASO Vice President, & Mr Avi Agrawal, BASO Trustee

Speaker: tbc

Talk: The National Consultant Information Programme (NCIP) and the recovery plan - can "big data" save the day?

Mr Charles Maxwell-Armstrong

Consultant Colorectal Surgeon, Nottingham University Hospitals NHS Trust, President ACPGBI

10.40 – 11.00

REFRESHMENT BREAK / POSTER VIEWING - The Reading Room (Ground floor)

11.00 – 12.00

Improving outcomes - from Bench to Bedside

Chairs: Mr Dale Vimalachandran, BASO NC Member & Professor Jayant Vaidya, BASO Deputy Meeting Secretary

11.00-11.20	Talk : Population Genetic Screening Professor Ranjit Manchanda Professor of Gynaecological Oncology & Consultant (Honorary) Gynaecological Oncologist, Queen Mary University of London
11.20 -11.40	Talk: Breath test to diagnose gastrointestinal cancers Professor George Hanna Head of Division of Surgery, Imperial College London
11.40-12.00	Talk: In search of a tumour specific probe for fluorescence-guided colorectal cancer surgery Professor David Jayne BCUK & RCS Eng. Chair of Surgery, St. James's University Hospital, Leeds

12.00 – 12.30

BASO Keynote Lecture: Challenges in Training in Surgical Oncology

Chairs: Professor Jim Khan, BASO Meeting Secretary, & Mr Hassan Malik, BASO Immediate past-President

Keynote Speaker: Professor Isabel-Teresa Rubio

President elect – ESSO, Breast Surgical Oncology, Director Clinica Universidad de Navarra, Professor of Surgery, Universidad de Navarra, Madrid, Spain

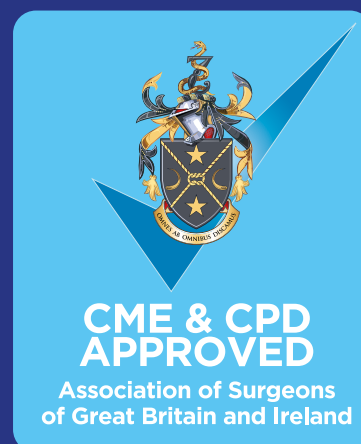

12.30 –13.30

LUNCH AND POSTER VIEWING - The Reading Room (Ground floor)

13.30-13.50	RCS Sir Stanford Cade Lecture and Commemorative Medal Chairs: Professor Neil Mortensen , President The Royal College of Surgeons of England, Mr Zaed Hamady , President BASO~ACS and Mr Anant Desai , BASO Hon. Secretary	
	Talk Title: Transforming prostate cancer care – quite a journey Professor Mark Emberton Professor of Interventional Oncology, University College London Hospitals	
13.50 – 14.50	Digital Data / Surgical Devices Chairs: Professor Jayant Vaidya , BASO Deputy Meeting Secretary and Mr Rafael Diaz-Nieto , BASO Regional Rep	
	13.50 – 14.05	Mr Vivek Patker Chief Medical Officer, Deontics Ltd., Ex Oncoplastic Breast Surgeon
	14.05 – 14.20	Miss Oroog Ali Consultant Colorectal Surgeon, Gateshead NHS Trust
	14.20 – 14.35	Mr James Kinross Clinical Senior Lecturer in Colorectal Surgery, Imperial College London
	14.35 – 14.50	Q&A
14.50 –15.35	Roundtable talk: MDT for Cancer Management - Who is ultimately responsible for the patient? Chairs: Professor Tas Kanatas, Professor Jim Khan, Professor Jayant Vaidya, Mr Avi Agrawal, Mr Paul Skaife	
	PANELLISTS	
	Professor Ranjit Manchanda Professor of Gynaecological Oncology & Consultant (Honorary) Gynaecological Oncologist	
	Professor Rob Ashford (ortho) Consultant Musculoskeletal Tumour & Joint Reconstruction Surgeon, University Hospitals of Leicester	
	Professor Jayant Vaidya Professor of Surgery and Oncology, UCL	
	Mr Brendan Moran Consultant Colorectal Surgeon, The Wellington Hospital	
	Mr Zaed Hamady Consultant HPB & Laparoscopic Surgeon, Southampton University Hospital NHS FT	
	Miss Emma Lee , Nurse Specialist Lead, Portsmouth Hospitals University NHS Trust Marcelle Bernstein , Patient Representative	
	Miss Dany Bell Strategic Advisor Treatment, Medicines and Genomics Strategy Development, Macmillan Cancer Support	
	15.35 – 15.50 REFRESHMENT BREAK / POSTER VIEWING - The Reading Room (Ground floor)	
15.50 – 16.30	Topic: Consent and Montgomery Chairs: Mr Anant Desai , BASO Hon. Secretary and Mr Mike Shackcloth , BASO Hon. Treasurer	
	15.50-16.05	Talk: Mitigating risk in remote consultations Dr John Holden Chief Medical Officer, MDDUS
	16.05-16.20	Talk: Advances in Shared Decision Making Digital Consent Mr Edward St John Consultant Oncoplastic Breast Surgeon, Portsmouth Hospitals University NHS Trust AND Co- Founder Chief Medical Officer, Concentric Health
	16.20-16.30	Q&A
16.30 – 16.45 PRESIDENT'S ANNOUNCEMENT OF PRIZES AND CLOSING OF THE MEETING Chair: Mr Zaed Hamady , President BASO~ACS / Professor Michael Douek , BASO Vice President		

ASGBI has awarded the following CPD points to the programme:

BASO Trainees/Skills Day: **6CPD**
 BASO Annual Conference - Day 1: **9CPD**
 BASO Annual Conference - Day 2: **7CPD**

The Attendance Certificate with CPD will be issued by the BASO Office after the 2022 BASO Annual Conference.

To receive your CPD certificate, please complete the Conference Feedback Form, scan the QR Code to provide the feedback.

If you cannot access the QR Code, please email admin@baso.org.uk for the link.

MEET THE BASO~ACS NATIONAL COMMITTEE:	
President	Mr Zaed Hamady
Vice President	Prof Michael Douek
Immediate Past President	Mr Hassan Malik
Honorary Secretary	Mr Anant Desai
Honorary Treasurer	Mr Michael Shackcloth
EJSO Representative	Mr John Whiting
Meeting Secretary	Prof Jim Khan
Deputy Meeting Secretary	Prof Jayant Vaidya
Ordinary Members	Mr Avi Agrawal Mr Edmund Leung Prof Derek Manas Mr Aaron Quyn Mr Paul Skaife
BASO Regional Reps	Mr Rafael Diaz-Nieto (North West Region) Mr Adam Frampton (South England Region) Mr Dhanny Gomez (East Midlands Region) Mr David Holroyd (Scotland Region)
Co-opted Members	Prof Anastasios Kanatas Mr Dale Vimalachandran
BASO Trainees President	Mr David Hunter

MESSAGE FROM BASO~ACS HONORARY SECRETARY

It is my great pleasure to welcome you to the 2022 BASO Annual Scientific Meeting (19th-21st Nov) at the Law Society, London. The meeting will provide trainees with the opportunity to present their work to Consultant Surgeons and their peers and compete for the numerous prizes which will be on offer for the best presentations in selected categories.

BASO is supporting research and academic endeavour in a number of ways: our partnership with the Rosetrees Trust puts us in a unique position where we can offer competitive research grants in cancer surgery which are aimed at supporting innovative research projects that will develop into the clinical arena.

As the non-commercial partner with the NIHR, all successful applications will be eligible for inclusion in the NIHR portfolio and are encouraged to gain support from a Royal College of Surgeons of England Surgical Interventional Trials Unit (SITU).

We encourage you to join BASO~ACS to be a part of a growing community of cancer surgeons and trainees. BASO~ACS is an expanding organisation representing the voice of cancer surgery in a variety of disciplines. Membership of BASO~ACS is also open to allied health professionals, who are involved in patient care. BASO offers you various membership benefits, including discounted access to our meetings, affiliated membership to ESSO and access to the EJSO and much more.

Our trainee membership is now open to **Medical Students** and **Foundation Year Doctors** wishing to pursue surgical training. We support our trainees with their surgical career and help guide their surgical portfolio via our regional representatives.

Best Wishes

Mr Anant Desai,

Hon. Secretary BASO~ACS
Consultant Sarcoma Surgeon, Queen
Elizabeth and Royal Orthopaedic Hospitals

About BASO-ACS and BASO Trainees Membership

BASO is an association for all disciplines of cancer surgery and was established 50 years ago to support progress in cancer care by supporting education, training and research. To this end we work to transcend the narrow confines of specialist associations and single professional groups to encourage truly multidisciplinary and multi-professional progress.

There are five categories of membership:

Full Members

Professors, Senior Lecturers, Consultants, Locum Consultants, Associate Specialists, Staff Grades and Post-CCT Doctors.

Associate Members

Non-Surgical Clinicians

Affiliate Members

Clinical Nurse Specialists, Non-Medical Researchers and Allied Health Professionals, etc.

Overseas Member

Professionals working in surgical oncology outside the UK. Members from the Republic of Ireland can choose to join as Full, Associate or Affiliate members or as an Overseas member.

Senior Retired

Professionals who have retired from prac

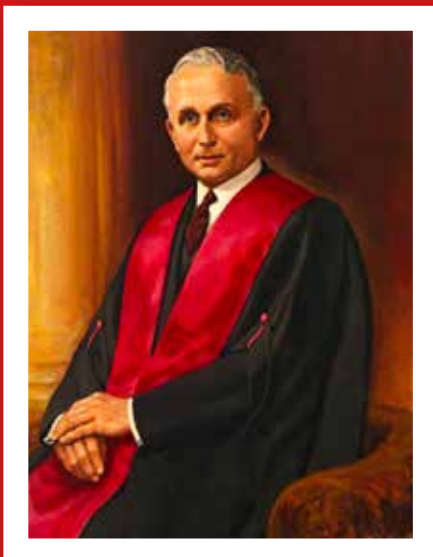

We have a special membership section (BASO Trainees) for our junior colleagues, foundation year trainees and medical students, those who wish to pursue career in cancer surgery and research.

Membership benefits include:

- Annual subscription to the European Journal of Surgical Oncology (EJSO)
- Affiliate membership of our European sister Association ESSO
- Reduced delegate rates at the BASO-ACS Scientific Conference and ESSO events
- Access to BASO Project Grants
- Access to BASO Fellowships and awards

To register online, visit www.baso.org.uk

BASO Raven Travelling Fellowship 2023

BASO Raven Travelling Fellowship was endowed in 1993 by the Ronald Raven Trustees in memory of Ronald Raven, Founder of the Association.

The award is currently for a maximum of £3,000 and may be awarded to one or several individuals as considered appropriate by the BASO-ACS National Committee when considering the merits of their applications.

The scholarship is open to UK-resident trainees or recently appointed consultants, who have gained the fellowship of one of the British or Irish Colleges, and who intend to travel outside the UK. Applicants need not be members of BASO-ACS or BASO Trainees Group (although this is desirable) but applications must relate to the aims and objectives of the Association.

Visit www.baso.org.uk for further details

Rosetrees Trust
Supporting the best in medical research

BASO/ROSETREES RESEARCH GRANTS IN CANCER SURGERY

The British Association of Surgical Oncology (BASO) is pleased to announce a call for research grants in cancer surgery in partnership with the Rosetrees Trust.

The second round will be opening on 16th January 2023 with a deadline for submissions on 31st March 2023. A total of up to £50,000 per annum will be awarded. This amount would be split between one or more applicants depending on the quality of applications received. **Research grants are aimed at supporting innovative research projects in surgical oncology that will develop further towards clinical translation. We particularly welcome multidisciplinary applications and ones that demonstrate an important improvement in delivery of cancer care or improvement in surgical treatment.** Successful applications will be eligible for inclusion in the NIHR portfolio and are encouraged to gain support from a Royal College of Surgeons of England Surgical Interventional Trials Unit (SITU).

KEY FEATURES

Research grants are for up to £50,000 over 1-3 years.

Priority will be given to the best-scoring project applications with matched funding in place towards directly incurred costs and those applications with clearly justified costs which have been reduced to the minimum amount necessary to deliver the project, where applicable. If you are considering applying for a research grant, please send an expression of interest to the BASO Office, including a brief summary of the proposed research, number of patients that could benefit, how your research will address the unmet clinical need in surgical oncology and what co-funding opportunities exist to support your project. Applicants or teams with a proven track record in research / publications and with original research ideas, are favoured.

FUNDING

- **Staff salaries.** Funding can be used to fund salaries for post-doctoral research associates, research technicians and research assistants. In special cases, we may consider funding PhD stipends. In these cases, the prospective PhD student must be embedded within a larger programme of research (e.g. a clinical trial or a programme grant) and there must be a clear case that BASO / Rosetrees support will provide additional impact.
- **Data management, statistical support.**
- **Research consumables and other running costs directly attributable to the project.**

the multidisciplinary nature of cancer care and encourage associate PIs to participate, when applicable.

EVALUATION PROCESS

Research grants will be selected for funding based on their scientific quality as determined by external review, track record of the research team and potential to deliver patient benefit. We will prioritise applications that can provide some element of co-funding to the directly incurred costs. Applications should potentially benefit a cancer patient population and show that their research could have broader applicability in the future to a wider patient population.

All applications will be initially checked for eligibility. An initial triage by an internal scientific panel will select the best applications that will be taken forward for external review. Triage will be based on the scientific quality, clinical need, track record of research team and potential for further development and clinical translation. Selected applications will then be sent for external review. The best scored applications will be shortlisted and considered by a scientific panel who will make funding recommendations.

Panel feedback will also be offered to the applicants upon request.

ELIGIBILITY

The lead applicant will usually be a substantive UK consultant surgeon or a UK trainee on a rotation with guaranteed employment for the duration of the grant. We will favour principle applicants who are cancer surgeons (members of BASO), holding a PhD (or equivalent) and or a team with a track record of managing grants, delivering research studies and a strong publication record. Applications should recognise

For general enquiries regarding eligibility and the application process, please contact the BASO Office by email: rattandeejhita@baso.org.uk

SPONSORS ACKNOWLEDGEMENTS

Support grants are provided towards the BASO programme, which has been designed independently by the BASO~ACS Scientific Meeting Committee. BASO~ACS appreciates the support from all our sponsors listed below.

Ethicon, part of the Johnson & Johnson Medical Devices Companies, has made significant contributions to surgery for more than 100 years, from creating the first sutures, to revolutionizing surgery with minimally invasive procedures. Our surgical technologies and solutions include sutures, staplers, energy devices, trocars and haemostats along with interventional ablation, robotics and digital solutions.

RPS Service Ltd

"RPS Service is the UK and Ireland representatives for CompAI, a leading manufacturer of innovative solutions for digital specimen radiography.

The TrueView is designed for surgical radiography, enabling a surgeon to accurately determine margin assessment within 10 seconds, minimising the risk of re-excision and saving at least 20 minutes per procedure.

RPS Service can also service all makes of Digital Specimen Radiography deemed to be End of Life. As well as all older models of analogue x-ray cabinets that are used for a wide range of applications"

Encouraging Research and Recognising Excellence

BASO-ACS takes great pride in honouring surgeons and trainees for outstanding achievement and contribution to cancer surgery, research and education. Over the years, BASO has developed a prestigious portfolio of awards and prizes.

Every year, at the Annual Scientific Conference, BASO awards the **Ronald Raven Prize** and **British Journal of Surgery Prize** to the best two abstracts and oral presentations. The **Alan Edwards Poster Prize** is given to the best poster at the conference.

BASO is delighted to offer a BASO Trainees Prize for the best surgical oncology presentation by a trainee at the Annual Conference of each Surgical Specialty Associations. To support surgical research and educational development each year, we offer the Ronald Raven Travelling Fellowship a bequest from Ronald Raven, one of the founders of the Association.

BASO has now introduced the following prizes:

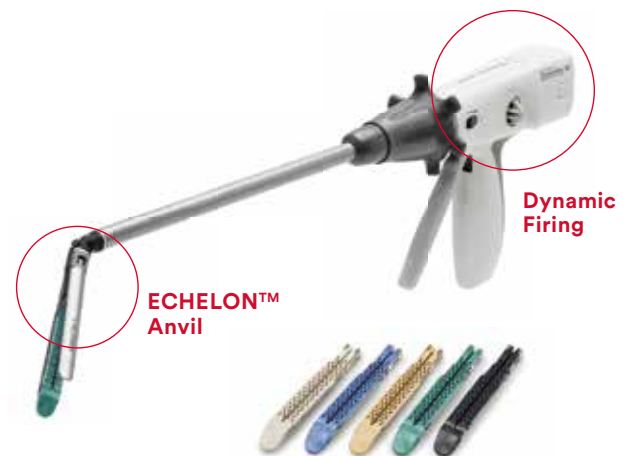

- **BASO Trainees Audit/QIP Prize:** Open to trainees to encourage and support them in the audit /QIP projects with a view to improving care to patients.
- **BASO Multidisciplinary Prize:** Open to Non-Medical Professionals that are involved in the care/provision of cancer patients. Its open to any research, audit, quality improvement project.
- **BASO Medical Student:** This new prize is announced to support and encourage Medical Students with an interest in surgical oncology.

To celebrate its 40th Anniversary, BASO inaugurated the following awards in 2013 to honour those surgeons who have made outstanding contribution in the advancement of cancer surgery:

- **Ronald Raven Lifetime Achievement Award**
- **Geoff Oates Award**
- **Uccio Ouerici Della Rovera Award**

ECHELON™

Advanced staple line security even in challenging conditions^{1*}

ETHICON
Johnson & Johnson SURGICAL TECHNOLOGIES

The **ECHELON™+ Stapler** with GST Reloads advances staple line security to deliver fewer leakage pathways at the staple line, even in challenging conditions.^{1*}

1. Ethicon, PRC096436A Ex-Vivo Comparison of Staple Line Leak Pressure: Echelon Flex Powered Plus Stapler with GST vs EndoGIA and Signia with Tri-Staple Technology, Aug 2020, Data on file Ethicon, PRC096858A Evaluation of Malformed Staples in Thick Tissue for Claims: Echelon Flex Powered Plus Stapler with GST vs Endo GIA and Signia with Tri-Staple Technology, Aug 2020, Data on file (159504-20117 EMEA)

* Advancing staple line security with fewer leakage pathways and less malformed staples. Fewer leakage pathways: benchtop testing in porcine tissue $\leq 30\text{mmHg}$ (26mmHg average pressure experienced during typical leak test), comparing Ethicon ECHELON+ Stapler PSEE60A with GST Reloads GST60B to Medtronic Signia™ and Endo GIA™ Staplers with Tri-Staple™ Reloads EGIA60AMT. Cumulative number of leaked tests (0/30), (7/30) & (9/30) respectively, n=30, p < 0.05. Fewer malformed staples: benchtop testing in 3.3mm and 4.0mm porcine tissue comparing malformed staples between ECHELON+ Stapler with GST Reloads (GST60B, GST60T) to Medtronic Signia™ Stapler with Tri-Staple™ Reloads (EGIA60AMT, EGIA60AXT) and Endo GIA™ with Tri-Staple™ Reloads (EGIA60AMT, EGIA60AXT). Percentage malformed results: 1.14% vs 4.28%, p < 0.05
